436/19/20 QUARTERLY POLICE REPORT

Inspector Latham presented the KTC quarterly report. He advised that
house burglaries are a cause for concern and appealed for people to be
mindful of basic security measures. He also stressed the importance of
reporting any information to the police immediately.

PCSO's have recently undertaken training on crime prevention advice.
PCSO Katie Stevens will be leaving to join the force as a Police Officer.

There will be an Emergency Services day on Saturday 19th October, 12-
4pm at Busher Walk.

Inspector Latham reported on problem areas within town. There have
been problems with anti-social behaviour in Maudes Meadow/Nobles
Rest, reports of various crimes at Gooseholme and concerns about

Sparrowmire Lane and parts of Hallgarth.

A roaming Speedwatch volunteer patrol is now in operation around town.

Councillor Coleman referred to a video issued by Cumbria Police which showed a van clipping a cyclist on a dual carriageway. He asked what measures are being taken to increase motorists' awareness. Inspector Latham replied that the two main ways are through use of road signs advising a 1.5m safe passing distance and road traffic police social media campaigns.

Problems of drug dealing around the Ski Club area were raised by Councillor Dunlop. Councillor Latham reiterated the need to share any information regarding when the problems are occurring so that they can target the area at the right times.

Councillor Bramham referred to burglaries in outlying areas such as Burneside and Natland. Inspector Latham said there is a definite rise with more than one group of people operating currently. He encouraged basic crime prevention measures.

Councillor Rowley reported concerns in his ward relating to cars parking on pavements making it impossible for pushchairs and wheelchairs to pass. Inspector Latham recognised the problem and confirmed reported incidences are followed up. The police try to work by education and suggested speaking to PCSO's or reporting via the contact form.

Councillor Archibald referred to PCSO's and asked whether the police had considered approaching Local Authorities to part fund recruitment of further PCSO's. Inspector Latham replied that the priority at the moment is to uplift the number of police officers. He was not sure when the next intake of PCSO's would take place but was happy to feedback the suggestion to the Police & Crime Commissioner.

SPECIAL MOTION: THAT COUNCIL CONSIDER THE UPDATED INFORMATION FROM THE POLICE RELATING TO THE PROPOSAL FOR ONE NEW CCTV AT GOOSEHOLME AND IN SO DOING REVERSE MOTION 301/19/20 FROM SEPTEMBER COUNCIL TO ENABLE COUNCIL TO RECONSIDER THE FUNDING REQUEST

Following new information, the Town Clerk advised that she had received a request from 6 Councillors for a special motion in relation to minute 301/19/20 regarding funding for one new CCTV camera at Gooseholme. The special motion reverses the previous motion passed at the meeting held on 2nd September and enables Council to reconsider the funding request.

Councillor Archibald declared an interest as a SLDC Councillor.

Inspector P Latham and Andy Petty (CCTV Manager for Cumbria) presented updated information about the proposal and referred to correspondence from Stuart Game, Force CCTV Officer, which endeavoured to address previous issues and concerns raised by Councillors.

Inspector Latham talked about the rationale for CCTV placement at

Gooseholme. He pointed out the new camera would be deployable and very easily moved to another site if required. If KTC decided to support the proposal, the camera would be the property of the Council and they would have a say in where it should be placed.

Andy Petty confirmed the costs as £6,371 for the camera and £1,763 for site survey/installation. There would be a yearly charge for monitoring and maintenance (in respect of the performance of the camera) of £1,500. If the bid is successful, the Police & Crime Commissioner will provide £3,000 towards the cost and SLDC are offering a further sum towards initial costs.

Councillor Archibald understood that multiple communities in the District were interested and asked whether costs could be reduced if these districts combined installation. Andy Petty's understanding was that the figure quoted was on a town basis and could not confirm that costs could be split. Councillor Archibald provided clarification on funding from SLDC who are offering half of the cost not covered by the PCC, up to £2,500.

Councillor Cornthwaite asked whether the cameras could also be used to monitor river levels and flow/movement of traffic. Inspector Latham advised that they can assist with traffic flow monitoring. River levels are a matter for the Environment Agency, although cameras have been used in the past, for example during storm Desmond.

Councillor Hennessy queried whether there would be cost implications each time the camera was moved. It was advised that this would depend on whether a contractor was employed to undertake the work.

Councillor Cook expressed concern regarding the use of CCC lampposts. He said this was likely to incur charges in the future.

There were differing opinions amongst Councillors. Councillor C Hogg commented that he appreciated the need for the camera but remained unsure that KTC should be funding it. Councillor Brook said the benefit of having CCTV cameras was clear and evidence backs their effectiveness in fighting crime. He mentioned KTC having some measure of control over siting of the camera and supported KTC backing the proposal. Councillor Coleman agreed KTC should support the funding request, commenting that the additional camera will enhance the police force's ability to better look after the community.

Councillor Becker asked what implication there might be on future Development Funds should KTC commit to the project. The Town Clerk advised that the money would be first on the list on Development Fund bids for the next financial year 2020/2021 if Council committed to the project. The funding required would be approximately £2,500 plus maintenance costs which would be likely to start in year one.

Councillor Finch proposed that KTC apply to the PCC for one additional CCTV camera at Gooseholme. This was seconded by Councillor Coleman and carried by a vote of 19 in favour, 2 against and 2 abstentions.

RESOLVED

That KTC apply to the PCC for one additional CCTV camera at Gooseholme.
