Members were, therefore, urged to prepare questions to raise at that meeting.

The Town Clerk referred to a revised Planning Application No.2024/0022/FPA, Riverside Hotel Beezon Road, Kendal (proposed entrance canopy and alterations to pavement), details of which had only recently been received. The deadline for receipt of comments by the Planning Authority was 15 March 2024, which was prior to the next meeting of the Committee. An extension to the deadline was currently being sought, however, the Town Clerk was seeking authorisation to make a response under delegated powers, if necessary.

P159/2023 Kendal Town Council Flood Relief Scheme Working Group

Cllr J Cornthwaite, Chair of the Kendal Town Council Flood Relief Scheme Working Group, advised that there had been no further meetings of the group since that held on 23 January 2024, details of which had already been reported. The next meeting of the Group was currently scheduled to be held on 21 March 2024, however, a new date was being sought due to a number of Members having to attend other meetings on that date.

Resolved: To note the verbal report.

P160/2023 Planning Applications

Note - Cllr J Cornthwaite declared interests under Planning Applications Nos.2024/0216/FPA (Land adjacent to River Kent at New Road Common (Reach F3), Kendal) and 2024/0268/FPA (55 Shap Road, Kendal), as outlined within Appendix 1 to these minutes.

The Committee considered the Planning Applications as detailed in Appendix 1 to these minutes.

Graham Harrison addressed the Committee with regard to Planning Application No.2024/0216/FPA (Land adjacent to River Kent at New Road Common (Reach F3) Kendal. Mr Harrison expressed concern in relation to the newly proposed height of the wall along the common, which was very high at six feet, although varying in height and dropping down towards the end, after the floodgates. He further expressed concern with regard to the proposal of large, black floodgates along the roadside, which were to be 30 feet in length. These were due to remain closed at all times, and Mr Harrison believed that this would create an unsightly, industrial look to New Road. Whilst he appreciated that this may cause additional work for the Environment Agency in the event of flooding, Mr Harrison suggested that the Committee may wish to seek a condition requiring the gates to remain open at all other times, pointing out that it would be possible for them to be folded back against the walls.

Planning 18 March 2024 Page 5 of 15

Resolved: To submit the recommendations in Appendix 1 to these minutes to the Planning Authority.

The meeting closed at 7.41 p.m.

1	2024/0216/FPA	Land adjacent to River Kent at New Road Common (Reach F3) KENDAL Full Application for design changes to approved Phase 1 Kendal Linear Defences Scheme Ref: SL/2018/0925 comprising amendments to the approved linear defences, flood gates, surface water drainage, reprofiling and reinstating the slipway to the River Kent and landscaping at Reach F3/New Road Common.	Mintsfeet	6 March	Note – CIIr J Cornthwaite declared an interest in this application by virtue of the fact of being Chair of the Kendal Town Council Flood Relief Scheme Working Group, however, drew attention to the fact that he was not pre-determined. He remained in the Council Chamber and took part in the discussion and voting on the application. The Committee, whilst recognising the need for the application and the significant benefit to Kendal of the flood relief barrier, feels strongly that the proposal for such a high wall and large, black floodgates, will have a significant, detrimental effect on the visual amenity and character of the Town in this location within a Conservation Area. No Material Objections subject to a condition that the floodgates remain in the open position during times of non-flooding and closed only when necessary (it is noted that it is feasible). Note – CIIr D Rathbone, Chair, abstained from voting on this application.
