I hope that these preliminary answers prove useful and we continue to work with other agencies to provide a full response to all of your questions. The Environment Agency has also committed to publishing their Flood Investigation Reports later this year and we will ensure that we contribute to these.

Should you require any further information regarding the above questions or require anything further, please contact our Wastewater Asset Manager, Pippa Smith, on: 07825 533282.

Yours sincerely
