

# Kendal Town Council

Town Hall, Highgate, Kendal LA9 4DD  
www.kendaltowncouncil.gov.uk

14 April 2026

**To Members and Co-optees of the Allotments Committee, and Site Representatives**

## Kendal Town Council Members

Cllr G Archibald (Vice Chair)	Cllr J Cornthwaite
Cllr L Edwards	Cllr S Falshaw
Cllr A Finch (Chair)	Cllr L Hendry

## Co-optees

Jon Cox	Chris Rowley
Ros Taylor	

## Site Representatives as appropriate

Canal Head	Deborah Allison	Rinkfield	Tony Hayton
Castle Drive	Liz Kelly	Sandylands	Vacancy
Castle Hags	Gwen Tordoff	Sedbergh Road	Julie Sykes
Castle Hags Ext	Jon Cox	Shaws Brow	Vacancy
Coley Barn	Eric Ashton	Town View	Helen Belton
Crow Tree	Bryan Williams	Underley Hill	Vacancy
Greenside	Kim Baker	Underley Road	Chris Rowley
Greenside	Ali Paddle	Wattsfield	Ros Taylor
Natland Road	Vacancy		

You are invited to a meeting of Kendal Town Council Allotments Committee on **Monday, 20 April 2026, at 7.30 p.m.**, in the Council Chamber at the Town Hall, Highgate, Kendal.

Yours faithfully

Chris Bagshaw  
Town Clerk

## AGENDA

### Public Participation

Any member of the public who wishes to ask a question, make representations or present a deputation or petition at this meeting should apply to do so before the commencement of the meeting. Information on how to make the application is available on the Council's Website - <http://www.kendaltowncouncil.gov.uk/kendal-town-council/statutory-information/guidance-on-public-participation-at-kendal-town-council-meetings/> or by contacting the Town Clerk on 01539 885432.

**1. Apologies**

To receive and accept any apologies. If accepted, apologies will be considered to be for reasons approved by the council under the terms of Local Government Act 1972, s85.

**2. Declarations of Interest**

To receive declarations by members and/or co-optees of interests in respect of items on this agenda.

**3. Exclusion of Press and Public (Public Bodies Admission to Meetings Act 1960)**

To consider whether there are any agenda items during consideration of which the press and public should be excluded.

**4. Minutes from the Last Meeting (pages 3 to 5)**

To receive the minutes of the meeting of the Allotments Committee held on 23 February 2026 and to authorise the Chair to sign them as a true record.

**5. Minute Action Sheet (pages 6 to 8)**

To consider a report on actions taken by officers on resolutions or recommendations made at previous meetings.

**6. Review of Spend against 2025/26 Budget (page 9)**

To consider a report on budget spending.

**7. Pest Control Policy (see pages 10 to 14)**

To consider the draft policy document on Pest Control across the Allotment estate.

**8. Allotments Project Update and Statistics Report (pages 15 to 19)**

To receive an update on projects, collection rates, waiting lists and other indicators.

**9. Site Representatives**

To receive verbal reports from Site Representatives, and to consider what actions may be taken where no site representative has been present.

# Kendal Town Council

Town Hall, Highgate, Kendal LA9 4DD  
www.kendaltowncouncil.gov.uk

Minutes of a meeting of the Allotments Committee held on Monday, 23 February 2026, in the Council Chamber at the Town Hall, Highgate, Kendal, at 7.00 p.m.

## Kendal Town Council Members

Cllr G Archibald (Vice Chair)	Present	Cllr J Cornthwaite	Present
Cllr L Edwards	Present	Cllr S Falshaw	Apologies
Cllr A Finch (Chair)	Apologies	Cllr L Hendry	Present

## Co-optees

Jon Cox (and Castle Hags Ext Representative)	Present
Chris Rowley (and Underley Road Representative)	Apologies
Ros Taylor (and Wattsfield Representative)	Apologies

Also present: G Tordoff (Canal Head) and H Belton (Town View)

**In attendance:** Chris Bagshaw (Town Clerk) and Janine Holt (Council Services Manager).

### A20/2025 Apologies

Apologies for absence were received and accepted from Cllrs A Finch and S Falshaw, and co-optees Ros Taylor (Wattsfield rep) and Chris Rowley (Underley Road rep). Also from B Williams (Crow Tree rep).

### A21/2025 Declarations of Interest

No further declarations were made.

### A22/2025 Exclusion of Press and Public (Public Bodies Admission to Meetings Act 1960)

There were no confidential items included within the agenda.

### A23/2025 Minutes of the Previous Meeting

**Resolved:** To receive and accept the minutes of the previous meeting of the Allotments Committee held on 29 September 2025 and to authorise the Chair to sign them as a true record.

### A24/2025 Minute Action Sheet

The Committee considered a report on actions taken by officers on resolutions or recommendations made at previous meetings.

The price of the planned workshops at Appleby Community Garden was queried, as it was understood that attendees would have to pay £400. This was considered too expensive to meet the

original need being addressed, which was to assist, particularly, new gardeners. The Council Services Manager suggested that she will return to the drawing board on this concept, as she had hoped for something more accessible.

The planned update of Tenancy Agreements had been held up, and this would now take place over the next few months with the final copy brought back to the committee for approval.

The Council Services Officer is still preparing the Pest Control Policy, though this is proving more complex than it may have first appeared.

The Town Clerk will see if he can visit the proposed site of potential new allotments with the Chair in due course.

Coley Barn site clearance should be completed using Reserves if required.

**Resolved:** To allocate up to £5,000 from the Allotment Reserve to bring plots back into production at Coley Barn.

**Resolved:** To note the report and the further actions.

#### **A25/2025      Review of Spend against 2025/26 Budget**

The Committee reviewed the current year's spending against budget.

**Resolved:** To note the report.

#### **A26/2025      Allotment Project Update and Statistics Report**

The Council Services Manager presented her report on activities and projects. The Community Event on 18 March (7-9pm at the Eddington), was shaping up with most site reps hoping to be present. It was suggested that Natural Kendal be asked if they can contribute on biodiversity. It was also suggested that the Environment Agency and Waste into Wellbeing be invited to contribute to the event. The Council Services Manager will be collecting names of volunteers over the next couple of weeks.

Members were pleased with the occupancy rates. The Chair asked if upgrade plans to some sites could be created, for instance soil quality at Greenside. It was further suggested that the Council Services Manager's site visit schedule be circulated amongst reps and Committee members so they could benefit from seeing the very wide range of sites that the Council operates.

**Resolved:** To develop a scheme of improvement plans for sites that may require this level of intervention.

**Resolved:** To circulate a schedule of site visits that Committee members and Site reps may be able to join.

**Resolved:** To note the report.

#### **A27/2025      Site Representatives**

The Town View rep requested resources for an additional composting system on the site, at the opposite end to the present one. She reported that there were tenants willing to establish the system, if the Council would consider supplying necessary materials. The Chair suggested this was the type of

improvement the Council should be supporting and suggested that funding up to £500 would be appropriate.

The Chair reminded reps that the Council could look at strategic spending on sites to bring them up to more modern standards. Strategic spending might include composting toilets, better paths, soil improvements and other investments. The Council Services Manager will circulate ideas of good practice to plot holders and reps over the coming months.

The site representatives had no further issues to discuss.

**Resolved:** To allocate up to £500 from the current revenue budget to support a new composting system at Town View.

The meeting closed at 7.35 p.m.

**Agenda Item No.5 - Allotments Committee - Minute Action Sheet - as at 8th April 2026**

<b>Ref. No.</b>	<b>Meeting Date</b>	<b>Minute No.</b>	<b>Title</b>	<b>Action (Resolution)</b>	<b>Officer Responsible</b>	<b>Deadline, if any</b>	<b>Date Actioned</b>	<b>Comments</b>
3	27/02/2023	A40/2022	Site Signage	To authorise the use of up to £8,000 from the Allotment Reserve to install safe and uniform signage across the allotment estate.	JH	Mar-26	Ongoing	The design content has been agreed by Senior Officers. Printing quotes requested. An assessment of the installation works has been undertaken by Officers and agreed that the Townscape Officer can undertake the work.
18	25/09/2023	A18/2023	Review of Tenancy Agreements	To note the report and the recommendation that the Council adopt the NALC template for its agreements from January 2025, with officers submitting a draft version covering Kendal's specific needs for the Committee's approval at its next meeting.	CB/JH	September 2026.	Ongoing	Due to scheduling issues, the new agreements will now be in place for the next allotment year.
39	23/06/2025	A8/2025	Allotment Statistics Report	To consider in the future carrying out research in relation to the uptake of allotments.	JH	13-Apr-26	Completed	There is always a healthy demand for allotments and the uptake of allotments is generally quite good. At this point in time, it is not a priority to undertake a reasearch project on the uptake. It can be revisited later in the year if it is felt it would be useful.

Ref. No.	Meeting Date	Minute No.	Title	Action (Resolution)	Officer Responsible	Deadline, if any	Date Actioned	Comments
40	29/09/2025	A17/2025	Pest Control	Officers to develop a pest control management policy and to to develop a plan that supports the eradication of unauthorised use of poison as a form of pest control on the allotments.	JH	13-Apr-26	Ongoing	A policy has been drafted and is to considered at the meeting.
42	29/09/2025	A18/2025	Projects Update	The Council Services Manager to explore how new tenants can be supported more with information and courses on allotments and maintaining an allotment.	JH	13-Apr-26	Ongoing	A successful community event was held in March 26. It is hoped that these events will be a regular feature of the allotment year wwith events being held biannually. The Council Services Manager will promote the resources available from the National Association. A programme of further support for tenants will be developed in partnership with the site reps.
43	29/09/2025	A18/2025	Projects Update	The Town Clerk will investigate the land which has been tentatively offered as allotment plots.	CB	13-Apr-26	Ongoing	Ongoing discussions with landowners

Ref. No.	Meeting Date	Minute No.	Title	Action (Resolution)	Officer Responsible	Deadline, if any	Date Actioned	Comments
	23/02/2026	A24/2025	Minute Action Sheet	To allocate up to £5,000 from the Allotment Reserve to bring plots back into production at Coley Barn.	JH/PL	Sep-26	Ongoing	Officers have visited to assess. A huge amount of debris has been left. The Townscape Officer, was scheduled to undertake the initial clearance, but due to scheduling and other work priorities, this has not been possible. This work is a priority for the Townscape Officer.
	23/02/2026	A26/2025	Project Update	To develop a scheme of improvement plans for sites that may require this level of intervention.	JH/PL	Sep-26	Ongoing	The Townscape Officer to undertake an assessment of all sites and identify what improvements/interventions and required.
	23/02/2026	A26/2025	Project Update	To circulate a schedule of site visits that Committee members and Site reps may be able to join	JH	Apr-26	Completed	A list has been circulated of upcoming visits.
	23/02/2026	A27/2025	Site Representatives	To allocate up to £500 from the current revenue budget to support a new composting system at Town View.	JH	Apr-26	Completed	Compost bin has been purchased and awaiting collection in the council garage.

## **Pest Control on Allotment Sites Policy**

### **1. Purpose**

The purpose of this policy is to set out Kendal Town Council's approach to pest control on allotment sites, with particular reference to the management of rats. The policy aims to protect tenants, members of the public, pets and wildlife while promoting safe, effective and sustainable pest management practices. It emphasises prevention, environmental management and legal compliance over the routine use of rodenticides.

### **2. Background**

Rats are unpleasant and can present health, environmental and safety risks on allotment sites. However, current evidence indicates that the use of rodent poison in open environments, such as allotments, is often ineffective and provides only short-term population control. Sustainable rodent management can only be achieved by reducing environmental conditions that support rodent populations, i.e., food and shelter. The most effective method of rodent control is prevention. Well-managed, tidy allotment plots with minimal food sources and harbourage are far less likely to experience infestations.

### **3. Scope**

This policy applies to:

- All Kendal Town Council-managed allotment sites
- All allotment tenants
- Town Council officers, contractors and pest control service providers operating on allotment land

The policy covers pest prevention, rodent control measures, tenant responsibilities, and compliance with relevant legislation and codes of practice.

### **4. Policy Statement**

Kendal Town Council is committed to:

- Managing pests on allotment sites in a safe, responsible and lawful manner
- Prioritising prevention and environmental management over chemical control
- Protecting non-target species, including pets and wildlife
- Ensuring compliance with current pest control codes of practice and animal welfare legislation
- 

The use of rodenticides on allotment sites will be tightly controlled and, where possible, avoided altogether, in line with best-practice guidance. The Council aim to work towards phasing out the use of rodenticides completely.

### **5. Legal and Regulatory Framework**

All pest control activities must comply with:

- The current CRRU (Campaign for Responsible Rodenticide Use) Code of Practice, as set out by Think Wildlife and associated Government Departments
- The most recent CRRU amendment (1<sup>st</sup> January 2026) – “Strengthening Measure 1 – Open Area Use: No Anticoagulant Use” This amendment will require that all users of professional-grade rodenticides must meet specific training and certification requirements to legally purchase and use these products in open areas
- Animal welfare legislation, which makes it a criminal offence to cause unnecessary harm to any animal

Open areas include, but are not limited to:

- Public parks and gardens
- Railways and embankments
- Canals and watercourse banks
- Reservoirs
- Footpaths, bridleways and cycle paths
- Allotments
- Airports
- Field margins and hedgerows

## **6. Pest Control Methods**

### **6.1 Use of Rodenticides**

- Anticoagulant rodenticides must **not** be used in open areas such as allotments
- Kendal Town Council recognises the ecological and safety risks associated with rodenticides
- Rodent poison may harm wildlife, pets and humans and must not be used without authorisation

### **6.2 Trapping by Pest Control Contractor**

- External bait stations containing snap traps may be used where necessary
- Traps must be placed within a strong protective box, with suitably sized entry holes
- Traps should be positioned along known rat runs or nesting areas and fixed securely to prevent disturbance
- Traps must be checked and reset regularly by the Pest Control Officer
- Officers are responsible for the safe and hygienic removal of dead rodents from plots where they have placed traps.

## **7. Preventative Measures and Good Practice**

Effective rodent control depends on good allotment management. All tenants are expected to follow the guidance below.

### **7.1 Plot Maintenance and Rubbish**

- Keep plots tidy and free from excessive growth
- Remove all debris, rubbish and old equipment promptly
- Avoid stockpiling materials that may provide shelter or nesting areas
- Ensure sheds, storage units and greenhouses are placed on non-permanent hard standing (e.g. paving slabs)

### **7.2 Composting**

- Turn compost bins regularly (at least twice a year)
- Plastic compost bins must have a heavy-duty wire mesh base or be placed on hard standing
- Do **not** compost household waste
- Never add meat, dairy, bones or cooked food to compost bins

### **7.3 Bird Feeding and Livestock**

- Do not feed birds or other animals on allotment plots
- If birds are fed, a tray must be fitted beneath feeders to catch dropped seed
- Chicken feed must be stored in rodent-proof containers and removed after feeding

### **7.4 Sheds and Storage**

- Make sheds rat-proof by sealing holes and gaps
- Check regularly beneath sheds and greenhouses for signs of nesting
- Disturb potential nests using a cane or rake and block access points
- Store seeds, bulbs and animal feed in sealed, rodent-proof containers

### **7.5 Fruit and Vegetables**

- Harvest fruit and vegetables promptly
- Do not leave fallen or damaged produce on the ground
- Destroy produce showing signs of rat damage
- Wash and, where appropriate, peel all produce before consumption

Rats pose a risk of serious illness, including Weil's disease, Salmonella and Leptospirosis.

### **8. Tenant Responsibilities**

Allotment tenants are responsible for:

- Maintaining their plot to a standard that discourages pests
- Taking prompt action if signs of rat activity are identified
- Using safe, lawful pest control methods only
- Removing dead rodents from their own plot safely and hygienically
- Cooperating with council officers and authorised pest control services

### **9. Council Responsibilities**

Kendal Town Council is responsible for:

- Setting and reviewing this policy
- Monitoring compliance across allotment sites
- Providing guidance and advice to tenants
- Appointing pest control contractors where required
- Ensuring all pest control activity complies with current legislation and codes of practice
- 

### **10. Health and Safety**

- Disposable gloves should be worn when dealing with rat activity or handling produce from affected plots
- Tenants should take appropriate precautions to reduce the risk of disease transmission

### **11. Further Advice**

Tenants seeking additional advice should contact:

- Kendal Town Council
- An approved local authority pest control service or specialist rodent control organisation

### **12. Review Date**

This policy will be reviewed every 2 years or sooner if legislation, guidance or site conditions change.

**Next Review Date:** April 2028

## **Pest Control on Allotments**

### **A Simple Guide for Allotment Tenants**

Keeping rats away from allotments is **everyone's responsibility**. Rats are attracted by food, shelter and untidy plots. The best way to control them is to prevent them from settling in the first place.

---

#### **Why This Matters**

Rats can:

- Damage crops and sheds
- Spread diseases such as Weil's disease, Salmonella and Leptospirosis
- Harm wildlife, pets and people if unsafe control methods are used

Poison is **not effective in open spaces like allotments** and can kill non-target animals. For this reason, rodent poison is tightly controlled and usually avoided.

---

#### **What You Must Do on Your Plot**

##### **Keep Your Plot Tidy**

- Keep grass, weeds and hedges cut back
  - Remove rubbish, scrap materials and old equipment
  - Do not let your plot become overgrown
  - Place sheds and greenhouses on paving slabs or hard standing to prevent burrowing
- 

##### **Composting Safely**

- Turn compost at least twice a year
  - Place plastic compost bins on slabs or use a strong wire mesh base
  - Only compost garden waste
  - Never compost cooked food, meat, dairy, bones or household waste
- 

##### **Food Sources**

- Harvest fruit and vegetables as soon as they are ready
  - Do not leave damaged or fallen produce on the ground
  - Destroy produce that shows signs of rat damage
  - Always wash (and peel if needed) what you harvest
- 

##### **Bird Feeding and Chickens**

- Do not feed birds on your plot
  - If you do feed birds, use a seed tray to catch spillage
  - Store chicken feed in sealed, rodent-proof containers
  - Remove leftover feed promptly
- 

##### **Sheds and Storage**

- Seal holes and gaps in sheds
  - Check regularly under sheds and greenhouses
  - Disturb potential nesting areas and block access points
  - Store seeds, bulbs and feed in sealed containers
- 

##### **If You See Signs of Rats**

- Act quickly – don't ignore it
- Check for food sources or shelter that may be attracting them

- Snap traps may be used if placed inside a strong, secure box
- Traps must be checked regularly
- You are responsible for removing dead rats from your own plot safely

**⚠ Rodent poison must not be used without permission and is generally not allowed on allotments.**

---

#### **Health and Safety**

- Wear disposable gloves when dealing with rat activity
  - Wash hands thoroughly after working on your plot
  - Take extra care when handling produce
- 

#### **Need Help or Advice?**

If you are unsure what to do or think there is a wider problem:

- Contact **Kendal Town Council**

## Agenda Report

Committee: Allotments	Meeting Date: 20 April 2026
From: Council Services Manager	Agenda No.: 8
Description: Project Update Report	

### Allotment Community Event 2026

The event was well attended, with over 50 individuals being present across the evening. The feedback was positive, and it is hoped that the event can become a regular feature of the allotment year, possibly holding 2 events a year. The Council Services Manager will develop the programme in conjunction with the site representatives.

### Schedule of Site Reps Meetings

Time	Date	Venue
10.00am	24.4.26	Mayors Parlour
10.00am	12.6.26	Mayors Parlour
10.00am	17.7.26	Mayors Parlour
10.00am	28.8.26	Mayors Parlour
10.00am	9.10.26	Mayors Parlour

### Townscape Officer Update

Since the last meeting, activity has focused on:

- Mowing
- Fence repair
- Tap installation on Sandylands
- Clearing & covering plots

Over the next few weeks, the main focus of the work will be mowing allotment sites and the Kendal in Bloom planting schedule.

### Site Visits & Inspections

Ad hoc visits have been carried out since the start of the year. Unfortunately, due to other work priorities. The site inspections scheduled for the week commencing 23 March 2026 did not take place. Site visits are to be staggered starting on 9<sup>th</sup> April.

Allotment Site	Date	Time	Additional Info
Wattsfield	9.4.26	Am	8.30 am meeting Ros Taylor

### **Vacant Plots**

There are currently **27 vacant plots**, located as follows:

- Canal Head - 1
- Castle Haggs – 4
- Castle Haggs Ext – 3
- Coley Barn – 3
- Greenside – 2
- Rinkfield - 1
- Sandylands – 2
- Sedbergh Road – 4
- Underley Hill – 3
- Underley Road – 3
- Wattsfield – 1

### **Plots Let Since Last Meeting**

A total of 25 plots have been allocated since the previous committee meeting.

### **Action Required**

None. The Committee is asked to note the report.
